Credit Suisse Asset Management Selects ValueLink for Partial Outsourcing Solution

ValueLink Information Services, the supplier of validated financial data are pleased to announce the recent new signing with Credit Suisse Asset Management for specialist securities pricing data for fund administration.

Stephen Choate, CEO at ValueLink said: "As well as supplying core securities pricing data ValueLink also specialise in the non core and complex areas by providing partial or full outsourcing solutions. Our validated solutions are fully supported by our dedicated client administration team and resolve the difficulties experienced within fund administration".

Akgun Dervis, Director, Head of Retail Operations at Credit Suisse Asset Management said: "The sourcing, loading and pricing of fund of fund data was previously a time and resource intensive operation. ValueLink were able to offer a validated and automated service tailored around our requirements enabling us to focus our strengths and resources on core activities".

Ends
